Recognition in webinar introductions	✓	✓	✗	✗
Webinar host opportunity	✓	✗	✗	✗
Extended early bird registration rate (until about one week before conference)	✓	✗	✗	✗

1. Must be a supporter organization for two years at a given level to receive this benefit, i.e. two year cycle payment of \$16,000 for 4 complimentary registrations and Leader sponsorship credit, \$8,000 for 2 complimentary registrations and Partner sponsorship credit, etc. If only half of the payment has been made, the noted benefits will be reduced by one level.
2. Advocate level supporters receive attendee lists with contact information one week before the conference and an updated list after the conclusion of the conference. Leader and Partner level supporters receive the same plus an earlier list of registered attendees approximately four weeks before the event.
3. Webinar attendee lists are provided without contact information but will include the name, organization, and role.
4. Leader sponsorship credit options are valued at \$5,000 and include A/V, Wi-Fi, program printing, conference app, and breakfast. Partner sponsorship credit options are valued at \$2,500 and include breaks and session track sponsorships. These credits may also be used toward partial payment of premium conference sponsorships (keynote, poster reception, and lunch). The sponsorship options at the Leader and Partner level are not guaranteed to be exclusive. More information will be provided to Leader and Partner level prior to the conference. Additional sponsorship benefits may be available for organizations sponsoring both the IEPEC event and the co-located ACEEE Energy Efficiency as a Resource Conference.
5. Friend members will have the organization name recognized without a logo in emails and on the IEPEC website.
